Testimonials:

One of the best decisions I have made for my business was to join the South Summit Chamber. I have met many wonderful business owners and made many new friends. The support from chamber members has allowed tremendous growth and is well worth the investment.

**Kay Lukac,
Xango distributor**

People often ask, "Why should I join the South Summit Chamber of Commerce?" I tell them there are many reasons. One would be the people. The people in our chamber are some of the nicest people around. I enjoy being among them and the mutual effort working together to promote business. Some people would call it networking, but it has gone from networking to friendships. If I need a lender a pest inspector a home inspector they all are in our chamber. Next are referrals. It is a fact that members help members. There is a true sense of satisfaction working with successful people. The chamber is a strength in this as well as other communities.

**Deb Shreiner,
Helen Scott Realty**

Our Agency has experienced dramatic growth in great part to the relationships we have developed since becoming a member of the South Summit Chamber of Commerce family. Becoming an active member has introduced us to many new clients and has allowed us to provide leads to many chamber members. It is quite rewarding to be part of an organization that is so committed to helping and becoming an important part of the community.

**Karen Ayers,
Ayers Insurance**

I have been a member of the South Summit Chamber of Commerce since 1990. Only recently have I become more active. The contacts I have made since becoming active have led me to more business, more community involvement, a better grounding in our neighboring communities, and extending myself into new relationships both personal and professional. I highly recommend joining and becoming active.

**Dan Karant, RPH
Medicine Shop Pharmacy**

The Chamber's Business Development Groups have not only provided my company additional sales and leads, but have also helped to integrate us more into the community. Our membership provides more than business services—we serve the communities we represent as a whole.
